
DIMENSIONAL REFERENCE DRAWING

Drawing is diagrammatic - use table values below.

Additional sheet dimensions: AA = minimum clearance required to disassemble pump | E = mounting-foot half-width | H = mounting-hole diameter
All dimensions are in inches. Suction and discharge values are nominal connection sizes. Weight is in pounds.

AA	CP	A	D	E	F	F1	H	M	O	R	U	Keyway	Suction	Discharge	Weight
37.75	85.88	14.50	12.50	6.31	42.00	27.00	1.00	62.69	21.00	14.44	2.25	.50 x .25	8.00	6.00	1200

2L12 INSTALLATION REFERENCE

- Overall centerline length (CP): 85.88 in
- Suction connection: 8.00 in
- Drive-shaft keyway: .50 x .25 in
- Minimum disassembly clearance (AA): 37.75 in
- Discharge connection: 6.00 in
- Approximate pump weight: 1200 lb
